City holds waste disposal event on Saturday

RIVERSIDE, Calif. – The City and County of Riverside hold a combined household hazardous waste and bulky item drop-off event from 9 a.m. to 2 p.m., Saturday, at the City Corporation Yard, 8095 Lincoln Avenue.

Anyone can bring in hazardous household waste for disposal. These items include oil, antifreeze, batteries, paints, household chemicals and fluorescent light bulbs.

Only residents from the city, with a city utility bill as proof of residency, can drop off bulky items such as: furniture and other large household items; electronic waste (computers, televisions, etc.); refrigerators; and rimless tires.

The city holds four such events annually. It has collected more than 217 tons of bulky and electronic waste since the September 2006 event. The next scheduled drop-off is Dec. 8.

For more information, call (951) 826-5311 or visit www.riversideca.gov/CURE.
